SEEKING VOLUNTEER DRIVERS

The Town of Eden will have two vehicles to provide free transportation from 8 a.m. to 4 p.m. Monday through Friday to take senior residents to medical appointments, grocery stores and other daily needs. We rely on volunteer drivers for this program. Call 716-992-3408, Opt. 1, for more information.

NAME:_____

Currently, the Town has a **Town Car** used to transport residents to and from medical exams. This is perfect for volunteers who need flexibility. We text or call you with the opportunities to drive over the following few weeks and you let us know if you are available. This is also a good opportunity for snowbirds (you just let us know when you are not available)

____ **Please check if you are interested in driving the Town Car**

The Town will start leasing the **Going Places Wheelchair Van** that will be used to take residents to and from a variety of appointments, grocery stores, errands and events. No special license is required to drive the van. Training will be provided on the wheelchair lift and the scheduling system. We are looking for some level of commitment for this driving opportunity, even if you are only able to commit for part of the year.

____ **I am interested in driving the van once a week**

____**I am interested in driving the van twice a month**

____ **I am interested in driving the van once a month**
